

FAST FOOD SEATING

21-22

THE ORIGINAL FAST FOOD UNIT designed by Primo Furniture has offered excellent value and durability for over 30 years.

The Multisystem 2000 range has been designed to reflect the increased aesthetic demand towards fixed unit seating.

The underframe is constructed from round tubular steel and features a curved table support. Rectangular and circular units complement each other to give maximum versatility within any given space. Wider top versions are also available, ideal for staff catering facilities using tray service.

N.B: RECTANGULAR TOPS ARE 600MM WIDE AS STANDARD. ALL DIMENSIONS ARE APPROXIMATE AND ISSUED AS A GUIDE ONLY
